

CULTURED STONE®

The Preferred Name In Stone™

Capstones

New design. Same beautiful finish. Our new Flat Capstone collection offers additional flexibility for a variety of outdoor living designs. Used anywhere a flat capstone is called for, they work perfectly for outdoor seating areas, caps for planters or walls that require a flat surface to place items upon. Providing correct runoff protection, the stones may be cut to create custom-sized trim or sills. 12" wide Flat Capstones can also be used as hearthstone extensions for gas fireplaces. The new Mocha color was developed to coordinate with Cultured Stone® veneer and Cultured Brick® veneer colors.

Introducing our new Flat Capstones:

10" x 20" Flat Textured Capstone Champagne (CSV-441063) shown
