2023 SOURCE BOOK | VOL. 2

  
CULTURED  
STONE

*Cs*  
**CULTURED**  
STONE™  
AWAKEN YOUR SURROUNDINGS™

No surroundings should go unshaped by **imagination** or untouched by **emotion**. Exceptional spaces not only satisfy our needs, they respond to our deepest desires. To this end, Cultured Stone® encourages all to dream, explore and ask: What **inspires** this vision? What **feeling** is called for? Which textures, shapes and hues are authentic to this creative concept? The answers will come with **discernment** — surely among them, the industry's finest architectural stone veneer, unsurpassed for aesthetics, quality and care. With its extraordinary possibilities and planet-sensitive production, Cultured Stone both elevates and cherishes our **surroundings**.

# INSPIRATION

Inspiration can, of course, arise any time, any place. Literally meaning “to take breath in,” it’s the life source of creativity. Cultured Stone seeks not only to give form to your inspirations, whatever their distinct or mysterious source, but also to inspire you afresh with our artisans’ handiwork.

# IMAGINATION

Imagination is the wellspring of everything original, leading from the realm of the ordinary to the extraordinary. Cultured Stone invites you to imagine unusual uses and unanticipated places where our own imaginative, often-unexpected combinations can surprise and delight.

# FEELING

Feeling rules, and every visual impression and tactile sensation has its counterpart in our emotions. What notes do we want to play on the keyboard of innate responses? As we create surroundings, let's ask what feelings we intend to evoke. Then, let's achieve that end with virtuosity.

# DISCERNMENT

Discernment is all-important for transforming concepts into desired outcomes. And nothing is left to chance when your decision is Cultured Stone. More than 60 years ago, we founded the architectural stone veneer industry. Today, we are proud of remaining the undisputed leader while meeting impressive environmental standards.

# COLLECTIONS

Explore our curated series of profiles and textures assembled into cohesive visual collections. Transcending styles, they provide inspiration for any application.

# ASHLAR

## REALIZED ♦

Murray Franklyn Homes  
using **COBBLEFIELD®** in  
**ECHO RIDGE®** Photo courtesy  
of Murray Franklyn Homes  
(ig: @murrayfranklynhomes).

ASHLAR  
COBBLEFIELD®

Cobblefield is designed to emulate the architecture of rural 19th-century America. Its rugged refinement makes it equally at home in residential or commercial settings.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
2" – 8"	4" – 20"	1" – 2 5/8"	3" – 12"

**CHARDONNAY COBBLEFIELD**

**TEXAS CREAM COBBLEFIELD**  
1/2" mortar joints

**GRAY COBBLEFIELD**  
1/2" mortar joints

ASHLAR

# CORAL STONE

Coral Stone is designed with minimalist fossil patterns and underscores contemporary design beautifully. It works as a refreshing ashlar or repeating pattern in residential or commercial settings.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
4" – 12"	4" – 16"	1" – 1 ¼"	2 ½" – 8 ½"

**FOSSIL REEF CORAL STONE**  
1/2" mortar joints

CORAL STONE / Fossil Reef

ASHLAR

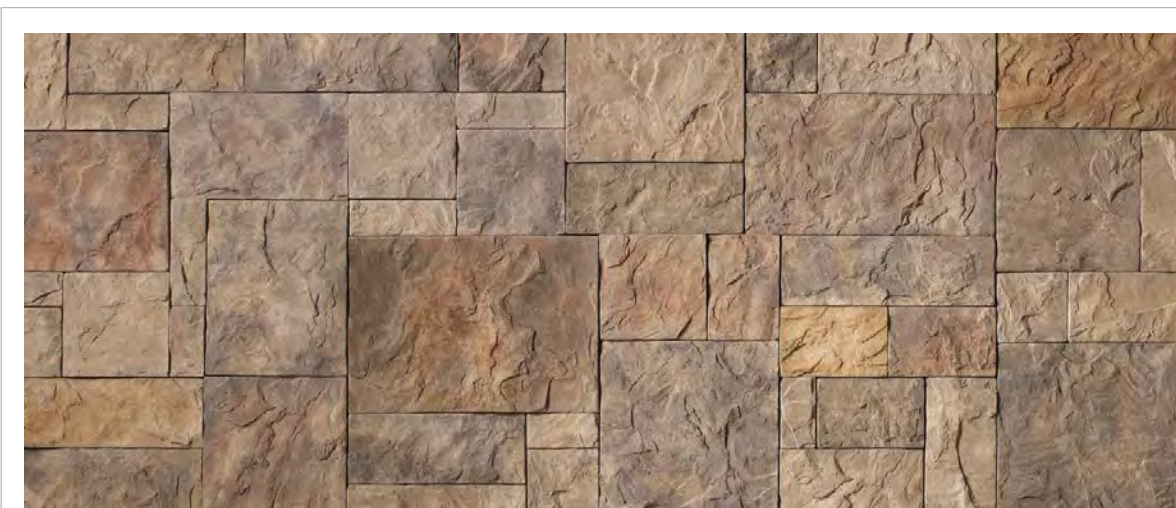

# EUROPEAN CASTLE STONE

European Castle Stone embodies the stateliness and class of old-world stone work. Patented interlocking mortar grooves create a groutless appearance for elegant interiors and exteriors.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
2" - 12"	4" - 16"	1 3/8" - 1 5/8"	4" - 12"

**BUCKS COUNTY EUROPEAN CASTLE STONE**

WARRANTY

**50-YEAR TRANSFERABLE EXPRESS LIMITED WARRANTY\***

Cultured Stone® architectural stone veneer products carry a 50-year transferable express limited warranty subject to the terms of the warranty. The warranty is limited, in manufacturer’s sole discretion, to either (i) repair or replacement of covered, nonconforming products or (ii) a refund of the price paid for such products. Labor costs for removal or installation of such products are not covered under the warranty. The warranty may be transferred to subsequent purchasers of the applicable home or building subject to the transferability and coverage terms set forth within the warranty. Complete warranty information is available on request.

\* See actual warranty at CulturedStone.com. Overhead, horizontal or sloped applications are not included in our building code evaluation reports or acceptances. These applications often require special approval/inspections by local building inspectors. Contact your architect or engineer for assistance with designing these installations.

INSTALLATION

Cultured Stone veneer can be used on most structurally sound wall surfaces. Its lightweight and quick adhesion allows for fast, easy installation without additional footings or wall ties. Each piece of Cultured Stone veneer is applied individually with Type N or Type S mortar and attaches permanently to the wall surface.

Be sure to read the full, detailed Cultured Stone installation instructions. Get a copy from your Cultured Stone dealer at CulturedStone.com or by calling (800) 255-1727.

The National Concrete Masonry Association offers a wealth of information at ncma.org.

MAINTENANCE

Cultured Stone and Cultured Brick veneers are virtually maintenance-free. If required, lightly wash to remove dust or dirt. Do not sandblast or wash with acid, abrasives or high-pressure water. Damaged or graffiti-marred stones can be removed and replaced with matching materials.

TECHNICAL DATA

Cultured Stone products are engineered to meet or exceed the specifications set by building code officials.

**Unit Weight**  
Approximately 8–12 lbs/ft² (39–58 kg/m²) but not more than 15 lbs/ft² (72 kg/m²).

**Thickness**  
Thickness averages 1 ¾". May vary depending on choice of texture.

**Colorfast**  
Colors become an integral part of the stone during casting. Existing applications show no undesirable change in color after years of weathering.

**Noncombustible/Surface Burning Characteristics**  
UL tested and listed. Cultured Stone products tested out with zero flame spread and zero smoke development.

**Technical Support**  
Complete copies of Cultured Stone research reports, approvals, tests, listings or acceptances conducted by independent testing agencies are available on request. Cultured Stone products meet or exceed all ICC-ES Acceptance Criteria #51 requirements for precast stone veneer.

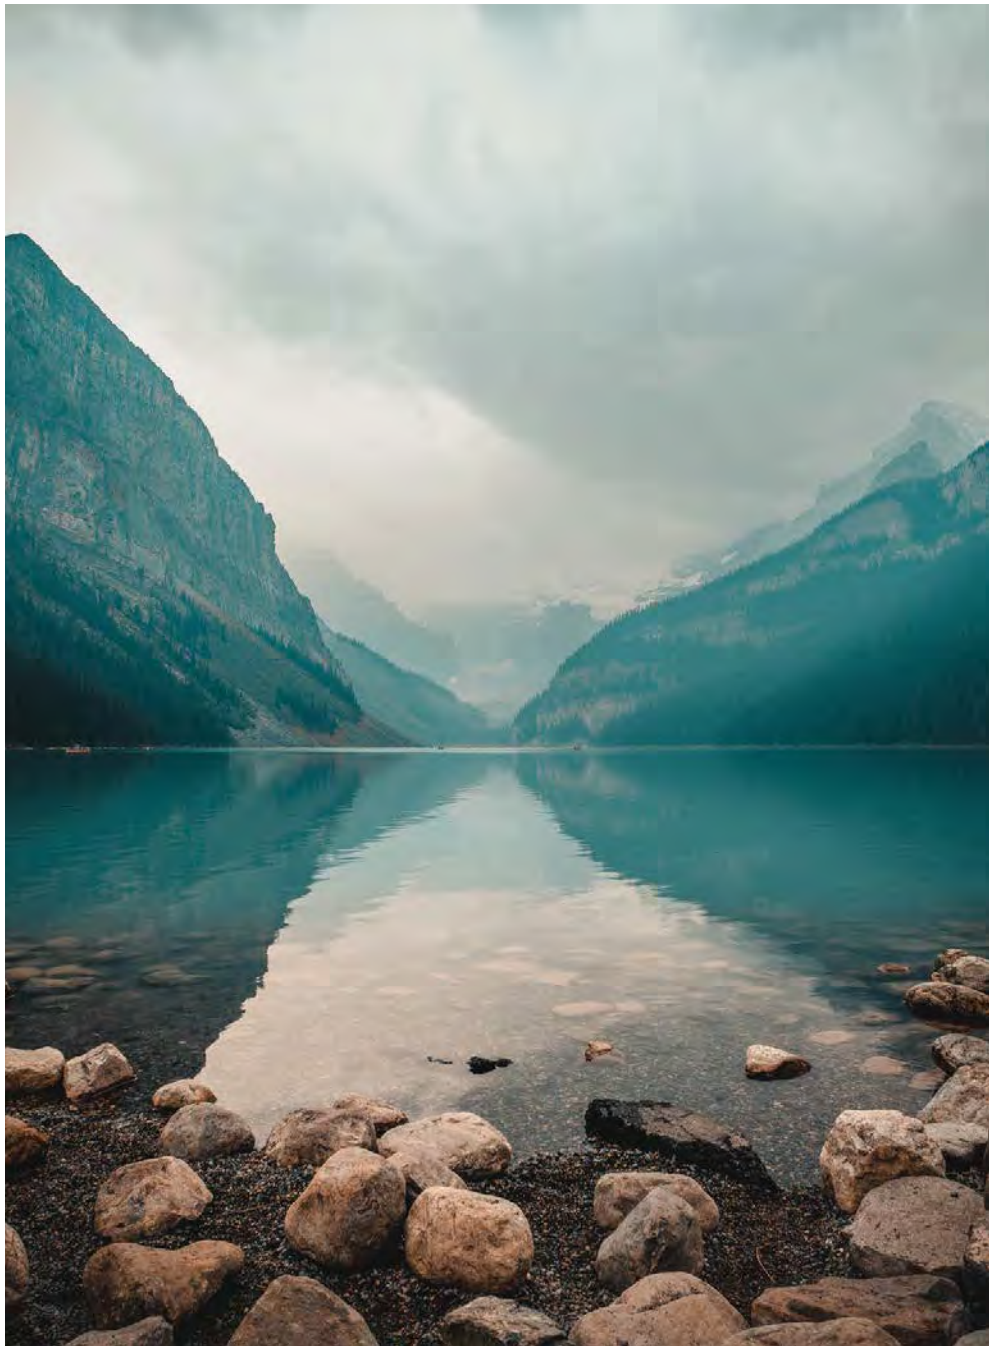

Other manufacturers who claim to produce equivalent products should be asked to provide documentation of claims.

# PROTECTING OUR SURROUNDINGS

We strive to meet today's building needs without compromising the future. Cultured Stone veneers are designed to not only beautify spaces but also take care of our shared environment along the way. To that end, our closed-loop recycling system allows us to reuse water during manufacturing, which proves especially important in California's drought-prone environment. Cultured Stone veneer products contain an average of 58% recycled content.

COUNTRY LEDGESTONE / Aspen

# FROM COAST TO COAST (AND EVERYWHERE IN BETWEEN)

While the heart of Cultured Stone operations can be found in Roswell, Georgia, the skilled hands that craft our work can be found in our two plants. Strategic locations in Napa, California, and Chester, South Carolina, have allowed us to create one of the largest distribution footprints in the U.S. and Canada and globally into Europe, Asia and Australia. For the builders who rely on easy access to our materials, this convenient presence provides an invaluable resource. Masters at both plants make it possible for Cultured Stone to offer quality stone products that are proudly made in the U.S.

# WE PUT OUR MASTERS' STAMP ON EVERY STONE

From cast to model, the entire Cultured Stone veneer production process is very much hands-on — down to the trademark C.S.V.® (Cultured Stone Veneer) stamp that has been hand-applied to each and every stone we craft since 1962. Only genuine Cultured Stone products have a C.S.V. indicia embossed on the edge, guaranteeing that you're getting the original, proven and preferred brand. After all, a master's touch is all in the detail.

# SHARE HOW YOU PUT A STAMP ON YOUR SURROUNDINGS

We'd love to see how you bring environments to life with Cultured Stone. We might even request to share them with our partners, on our website, or among the Realized features throughout this book. Please upload your favorite photos and project details at [CulturedStone.com/realized](https://CulturedStone.com/realized).

Explore the endless possibilities of building with Cultured Stone® veneer products  
by visiting our website at **CulturedStone.com**. For more detailed information,
